

## DISSATISFACTION WITH GRAVEL ROADS

Tax Payers and Voters of Hamilton Township Filed Petition With County Commissioners.

### ASK CHANGE OF MANAGEMENT.

Want Roads Taken From Commissioner Downing And Given to Fleetwood and Hall.

The condition of some of the gravel roads of the county and the manner in which they have been cared for have long been the subjects of severe criticism. These roads have remained in a deplorable condition and many taxpayers who have been paying their money regularly into the treasury have reached a point where they are determined, if possible, to have a change. Commissioner Downing has been the object of sharp criticism. Some time ago it is stated he voluntarily relinquished some roads of which he had charge and at the last session of the board an effort was made to take from his control the gravel roads of the southwest part of Hamilton township. A petition signed by many of the taxpayers and voters of that section was filed with the board.

The law provides that the roads of a county shall be divided equally among the commissioners to be cared for and as the granting of the petition would have made Mr. Downing's share of the work considerable less than that of the others no action was taken at the March session. Whether further steps will be taken is not known.

The petition which was signed by some of the best known men in the county was as follows:

To the Honorable Board of Commissioners of Jackson County, State of Indiana, we the undersigned citizens, tax payers and legal voters of Hamilton township, county and state aforesaid seeing the deplorable condition of the gravel roads in the south west part of Hamilton township and the failure and neglect of John W. Downing, commissioner for said district to repair or cause to be repaired said roads, we therefore petition your honorable board to so divide said roads lying South of the Chicago, Terre Haute and Southeastern Railroad Company equally between James M. Fleetwood and Sherman Hall, commissioners of said Jackson County and state of Indiana, whom we believe will look after and take care of said roads above mentioned and your petitioners will ever pray:

R. L. Isaacs, Thomas Cross, Geo. Branaman, M. N. Sewell, Charles Baltman, Thomas Hays, Andrew Robertson, Charles Day, Sanford Smith, F. Louis Harlow, Charles Smallwood, Claude Hamilton, Charles Cole, Wm. F. Anderson, George D. Bennett, G. R. Roberts, George W. Akers, R. Reed, Joel Wom, N. H. Vancleave, James G. Anderson, John Claycomb, Wm. N. Nelson, James Lucas, George W. Phigley, Cleveland Winegar, E. Lucas, Albert Lent, Garfield Cross, Levi Anderson, Alvin Boswell, Wm. L. Knost, George Ritze, F. C. Miller, Alva Robertson, Holmes Robertson, Wm. O. Jones, Frank Hess, Charles

Hess, P. C. Walker, Don W. Walker, Roy Bottorff, George R. Isaacs, E. E. Isaacs, W. W. Isaacs, L. F. Bottorff, Columbus Robertson, W. I. Brocker, Jason Bottorff, J. M. Jenkins, Aaron Pfaffenbreger, Claude Brocker, Ralph Beaty, R. D. Hays, S. J. Bottorff, D. B. Monion, G. B. Cassey, J. H. Knost, Henry Altemyer, Dedrick Herkamp, Price Robertson, Clarence M. Mahan.

### SPECIAL COUNCIL SESSION.

Liquor License Fee Will Be Considered Tonight.

The city council will meet in special session this evening for the purpose of introducing the ordinance fixing the amount of the liquor license fee. According to the Proctor law this fee must be set within thirty days after the bill became a law.

It is generally believed that the councilmen will agree upon the maximum fee of \$500. The highest amount has been fixed by the majority of the cities of the state. If all the members agree upon the maximum amount the rules will likely be suspended and the ordinance passed tonight. If the rules cannot be unanimously suspended the ordinance must be read at three separate meetings.

### EVIDENCE COMPLETED.

Coroner Examined Witnesses in Talley Case.

Coroner Frank Dowden has completed taking the evidence regarding the accident which resulted in the death of Willard Talley. A number of witnesses were examined but the verdict of the coroner will not be pronounced for several days until he has had sufficient time to review the evidence carefully.

In preparing his verdict Mr. Dowden will attempt to fix the liability of the accident.

### Occupied Presbyterian Pulpit.

Prof. J. C. Edwards, of the city high school, filled the pulpit of the Presbyterian church Sunday evening. This arrangement was made because of the indisposition of the pastor, who was suffering from cold and sore throat. Mr. Edwards took as his text, "Whosoever shall compel thee to go a mile, go with him twain," and for thirty minutes he spoke closely to the text, to the edification of those present. He laid down his promises in a clearly logical manner, and reached on to the conclusion, speaking out the true sentiment of the Master. The discourse was one that deeply impressed the congregation.

### Funeral Services.

The funeral services of the late Willard Talley, who died from the effects of injuries received in the interurban accident Friday evening were held at Redding Sunday afternoon and were largely attended. The church was crowded and many of those who attended were unable to find room in the building.

### Birthday Dinner.

Mr. and Mrs. W. E. Hoadley and Mr. and Mrs. Joseph Burkart were in Columbus Sunday. Mr. and Mrs. Harry Williams of that city gave a dinner in honor of Mr. Hoadley's sixty-first birthday.

### Pocahontas Lodge.

The Pocahontas lodge will meet tonight.

Lillian Pruitt, Secretary.  
Mrs. Ed Russell, Pocahontas.

The Sparta is the right place for Ice Cream and Candies. j10tf

### WILL COME TO JACKSON.

Ruddick Divorce Case is Venued to This County.

The divorce case filed by Baker S. Ruddick against Laura Ella Ruddick has been venued from Bartholomew circuit court to the Jackson circuit court. The transcript was prepared and forwarded to County Clerk Tindler. The venue was granted upon the grounds that the defendant could not get justice on account of the prejudice against her in Bartholomew county.

Mrs. Ruddick now has three cases in counties other than Bartholomew. The one defending the will of her late sister was by her venued to Johnson county. The one of Donaker & Spangher her former lawyers, for \$300 attorneys' fees, has also been taken from that court and now the last that of the divorce action against her husband.

Mrs. Martha Ruddick has a suit in the Bartholomew circuit court against Mrs. Ruddick and her husband to clear the title to certain property and it is more than likely that this, too will be venued later.

### NEW QUARTERS

Of Christian Science Society Opened Sunday.

The Christian Science Society organized here about the first of January held its first meeting yesterday morning in the new quarters in the Whitmer Building, corner of Chestnut and Third streets. The services were attended by the full membership as well as by several visitors and all united in pronouncing what they saw as one of the most convenient and artistically decorated churches of that denomination in any city of this size in Indiana.

These quarters consist of three rooms; the front one being the reading room where Christian Science literature of all kinds may be found, while the next or principal room is the Auditorium with a Sabbath school room in the rear.

The furniture is of mahogany throughout, while the decorations are of green and white thus giving a very attractive appearance.

The regular Christian Science church services will be held here every Sunday morning at 10:45 o'clock, with the Sabbath School at 9:30 a. m. There will also be regular Wednesday evening meetings at 7:30 o'clock, while the reading rooms will be kept open on Wednesdays and Saturdays from 2:00 p. m. until 5:00 p. m. To all these meetings interested Christian Science literature may be read and purchased if desired, the public is invited and made welcome.

### NEW RESIDENCES

Will Occupy Site of the Enterprise Lumber Company.

The buildings formerly occupied by the Enterprise Lumber Company along the Pennsylvania tracks, are being torn down, and several new residences will be erected upon the lots. There is considerable machinery in the plant but this will be placed on cars and sent to Corinth, Miss., where the new mills are being erected. Several dwellings will be erected on Broadway and one on Vine street, across from the location of the mills.

### CORPORATION TAX

Held Constitutional By the U. S. Supreme Court.

The United States Supreme Court this afternoon handed down a decision in which it held the corporation tax constitutional. The opinion was delivered by Justice Day. He held the Senate had the power to insert in the tariff law which originated in the house, a provision taxing corporations.

## HOOSIER WRITES ABOUT SOUTHLAND

Rev. F. M. Huckleberry Tells of Farming Methods Employed In the South.

### SOUTH'S REGARD FOR NORTH.

Writer Says Conservative Business Men Want Closer Union Among the States.

Rev. F. M. Huckleberry, of this city, who is attending a Bible Conference at Atlanta, Ga., writes a very interesting letter. The Rev. Mr. Huckleberry was a soldier in the Civil War and the last time he was near Atlanta was when he was following Sherman to the sea.

He writes:  
After a lapse of thirty-seven years this scribe is again in the land of cotton, and so far as the farming interests are concerned there has been very little improvement. In many places the soil has long since been exhausted and for present use is of no practical value. One who is accustomed to seeing farming done in the northern way can have little or no patience with the methods employed here. In most cases the land is sapped year after year of its strength and nothing added to it, and as a result the land is reduced to worthlessness.

For the most part the method employed in cultivating the soil makes it unfruitful. As a rule the traveler sees a man with one horse or a mule with a single plow, and not infrequently a single-shod plow at that, just tickling the soil, not turning it over and covering whatever of grass or vegetation may be on top to aid in fertilizing the soil. In most cases there is little to turn under save the dead stalks of the former crop. Year after year this process of farming is practiced until many acres of land have become utterly worthless, not even the coarsest vegetation will grow except the broomsage and much of the land has grown up with this and is turned out to the commons not even affording pasture for stock.

It would naturally follow that the stock kept on these farms is of inferior kind and shows that it is poorly kept.

Now and then the traveler will see a farm well kept with modern improvements and everything on the premises showing that up-to-date methods are being employed and that they pay.

The thrift of such cities as Chattanooga and Atlanta cannot be attributed to the crop production of the land but from the iron and coal industry, cotton being the main production from the farm, and this crop is not what it ought to be or could be if a common-sense method of farming were employed. I am confident that this crop could be doubled or trebled if the soil could be properly fertilized and cultivated.

For the past week the city of Atlanta has been in gala dress on account of the annual meeting of the Southern Commercial Congress which has brought to the city representative men from all parts of the state and a few from other states. Numbered among the outsiders were ex-Pres.

Theodore Roosevelt and President Taft, both of whom were enthusiastically received and heard with interest by the masses. There still remain a small minority of the people who do not have any good thing to say for those who did not sympathize with the South in its effort to secede. In company with some young men the other evening the conversation was about Ex-President Roosevelt, and one young blood piped out, "I wish some one would shoot him." This expression was not supported by any one present. On the following day in company with another company, one man voiced this sentiment, "Mr. Roosevelt is the greatest living American, and is the equal of any of the great men of Europe."

The wise conservative men of the South are planning and working for a closer union of all the states of this country and are not cultivating sectionalism as that belittles the hope of a greater South and impedes her progress. We need each other, and the world needs us in our united strength to meet and solve the problems of national development, of civic righteousness and national supremacy.

Any citizen North or South who uses his influence to perpetuate the spirit of sectionalism is anti-American and I am sure will not be regarded with favor by those who believe in the coming of greater and saner America.

In all the decorations I have observed in the city of Atlanta this week the Confederate flag is noticeably conspicuous by its absence. The only emblem of that character I have seen was a miniature one on the lapel of a man's coat, and he looked as if he might be a confederate veteran. As I meditated on that fact it occurred to me that THAT flag did not stand for the best things in Georgia, and that it was not at all in harmony with the spirit of the keen insight and enterprise of the promoters of the Southern Commercial Congress, for it has taken on a national significance as was manifest by the distinguished men present by invitation, and by whose words the masses were thrilled with the wider outlook into the future growth of the nation.

The man who wears the emblem of a lost cause is to be pitied for trying to nourish those things which do not give promise of future success.

### HELD THIS MORNING.

Sale of J. L. Beldon Property by Allen Swope, Assignee.

At Crothersville this morning Allen Swope as assignee for J. L. Beldon, sold several pieces of real estate. Dan McGill was the only bidder for the hotel and store building and the 80 acre farm northeast of the town. They were sold to him for \$25 subject to the mortgages for \$8,000 against him. Of this amount he held \$6,582. A lot and small house in Crothersville were bid in for \$125 by Fred Dobbs.

The stock of merchandise included in the assignment and some farm machinery and horses will be sold Wednesday. Several parties figure on bidding on the store.

### UNIQUE IRRIGATION

May Be Adopted By Farmers in Jackson County.

How to irrigate by the use of the despised tin can has been explained to the Chicago irrigation headquarters as a unique achievement of a farmer in the vicinity of Hereford, Texas. That is not an irrigated district, but the Hereford farmer, J. P. Clement, thought some subirrigation wouldn't hurt any. So he adopted the tin can method which made two hills of potatoes where but one grew before. This is how he did it, says the report: He gathered up a lot of cans and placed them end to end in a ditch about three feet from a sweet potato row. This line of cans was connected with a hose by means of a small pipe and the water allowed to run in as the season demanded. When the potatoes were dug a good crop was harvested, but the unique feature of this story is that Mr. Clement raised two rows of potatoes instead of one. Several months after digging his potatoes he decided to examine the can tiles and accordingly opened the ditch when to his surprise, he found some good sized potatoes near the cans, some 3 feet from the planted row. He accounted for this by saying the small feeding roots sought the moisture and extended their length to the line of cans where an additional lot of potatoes were grown.

### SIGNS OF THE MOON.

Some Believed Peculiar Color Saturday Night Indicated War.

The "man in the moon" must have been "dreadfully" embarrassed Saturday night for upon his face was a visible blush of dark red which gave that luminous body a peculiar color. The strange tinge was noticed by a large number of people and there were several prophecies of what it indicated.

One man, who gives considerable attention to the study of the sun and moon said that the reddish color with the distinct circles about it indicated that the weather would be cooler and perhaps accompanied by snow and sleet. He said it was a sure sign that there would be a decided drop in temperature within a few hours. His forecast came true however, for within less than eighteen hours the weather was decidedly cooler.

A number of other people noticed the color of the moon and were of the opinion that it indicated some great disaster such as war. It is said before the civil war the moon was of such a color for several nights and it was taken to mean at that time that there would be a conflict in the United States.

### Missionary Meeting.

The W. F. M. S. of the First M. E. church will hold their quarterly tea at the home of Mrs. Guernsey on west Second street Tuesday afternoon March 14. All members and their friends invited.

### Death of Child.

The eight days' old child of Mr. and Mrs. Ben Eckert, near Marion church in Jennings county, died Saturday night. The funeral services were held Sunday.

## INTERVENTION ON THE CARDS

Army Gossip Has It That Border Will Be Crossed.

### BELIEF SOBERLY EXPRESSED

From Colonels on Down to Men in the Ranks the Feeling Is Entertained at Scene of Big Army "Maneuver" That Troops Will Be Sent Across the Line to Take Charge of Diaz's Tottering Government.

San Antonio, Tex., March 13.—Within two or three days the Ninth and Eleventh cavalry regiments, which constitute the most mobile arm of the divisional army now mobilizing at Ft. Sam Houston, are to be prepared to move to the border of Mexico, probably to Laredo, on the Rio Grande. While no official statement of this fact has come from General W. H. Carter, in command of the entire division, news of the moving of these two regiments for immediate service at Laredo or beyond has sifted through all the officers' messes in the entire branches of the service represented on the big camp field at Fort Sam Houston. Coupled with comment upon this very definite bit of information, there is a general belief that the throwing of the cavalry arm to the nearest railroad point on the border is to be but a prelude to a general advance on the part of all the division. The report has been humming and gathering strength that with the arrival of General Wood, chief of staff, from Washington tomorrow or next day, definite orders for the moving of all the troops that will be then assembled at Fort Sam Houston will soon roll out.

#### Army to Occupy Mexico.

It may be said that an accepted belief prevails among the higher officers of all branches of the service that intervention in Mexico similar to that which occurred in Cuba is on the cards; that an American army will occupy the country south of the United States until such time as Diaz is made more stable in his government or a successor shall be chosen by a fair election.

This belief is soberly expressed and cannot be construed to be father to the desire for action on the part of the army men. The report of the imminent moving of the cavalry regiments but strengthens the credibility of the general thought.

Coincident with the news of the Ninth and Eleventh's chance to get to the south, several circumstances of contributory evidence became known. They are these:

A contract has been let to a local merchant for the supplying of a quick consignment of groceries, which were not to be delivered at the camp, but upon cars now in the railroad yards. The division superintendents of the Southern Pacific road, which touches the Mexican border at El Paso and Eagle Pass, and of the International & Great Northern railroad, have been asked upon how short notice they could move two regiments of cavalry to El Paso or to Laredo. The Southern Pacific folks say that they could accommodate the two regiments in from eight to twelve hours' notice for El Paso. The International & Great Northern division superintendent has said that he could prepare to ship the Eleventh and Ninth cavalry regiments to Laredo on five hours' notice. An order has been issued that the complete pontoon train which is part of the equipment of the corps of engineers from Leavenworth, is to remain untouched.

#### Officers Complain of Delay.

Though the reports of impending activity and campaigning have been thick, not all of the mobilization has been completed, much to the annoyance of the officers having the movement under charge. They had expected that by midnight last night the last of the detachments would be on the grounds; instead it will probably be Wednesday before the movement is completed and the 15,000 men down on the lists for mobilization here are under arms at Fort Sam Houston.

The officers of the camp complain bitterly of the delay in mobilization, citing it as an example of the impossibility of quick mobilization under the present system of army distribution. There are now between 6,500 and 7,000 troops of all branches of the service in camp at the Fort Sam Houston reservation.

Colonel Theodore Roosevelt arrived in San Antonio last night on his swing around the circuit, and he expressed his determination of visiting the big camp today. The courtesy salute of twenty-one guns will be provided against this contingency, but that will be all the special deviation from routine to occur out there.

#### The Camorrist Trial.

Vitebro, March 13.—Twenty of the men who were summoned for jury duty in the Camorrist trial and who failed to appear in court, have sent word that they will serve. In the event of their failing to do so, however, the trial judge has arranged to draw a panel from neighboring towns and villages to whom the pay of 90 cents a day will be a sufficient inducement to insure their attendance. The trial will be resumed tomorrow.

## Farm and Garden

### KILL THE CODLING MOTH.

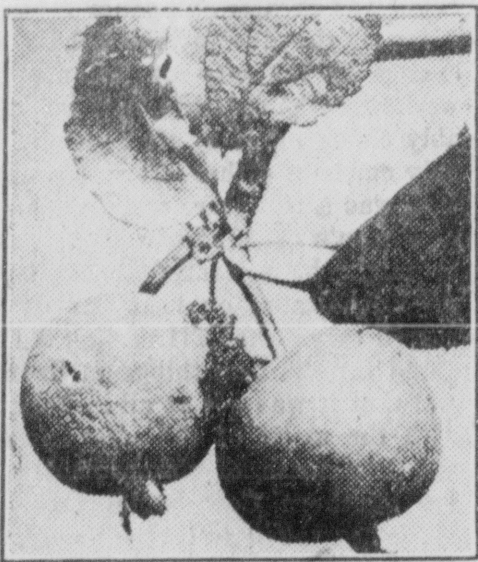

Takes Too Much Toll of Apple Crop For Careful Growers' Comfort.

Data collected by the Maryland department of agriculture indicate that from 40 to 60 per cent of the annual apple yield of the state is injured by the codling moth, which makes much of it unfit for market and some almost worthless for home use.

Natural enemies of the codling moth cannot be counted upon to hold it in check enough to keep it from injuring almost the entire crop of apples in orchards where some artificial means of control is not used.

Cultural methods of fighting the moth include not only cultivation, but also keeping the dead scales of bark scraped off the trees, pruning and burning the rubbish which naturally accumulates in the orchard, keeping fallen apples picked up and either used or destroyed and in some cases thinning the fruit. Entire control of the pest, however, is secured only by spraying, thorough, repeated and persistent spraying, spraying at the right time with the right materials and with the right kind of apparatus.

In spraying for the codling moth it is necessary to consider several facts. First, the insect causes injury by eating into the fruit, and rarely does the spray come into actual contact with the insect; therefore the so called contact sprays, such as are used for scale

WORK OF CODLING MOTH, SHOWING BORINGS.

[From bulletin Maryland agricultural experiment station.]

insects or plant lice, should not be employed, but stomach poisons, such as paris green, arsenate of lead or other arsenicals, must be used. Second, the insect enters the fruit usually within forty-eight hours after hatching and is thereafter beyond our reach, so the spray must be applied in time. Third, the hatching period for the eggs of one brood extends over a considerable space of time; therefore to get the best results two or more sprayings must be given. Fourth, in Maryland there are two broods of the codling moth, and to prevent injury by the second brood larvae one or more midsummer sprayings may be applied. In spraying for first brood larvae it must be borne in mind that they enter the fruit at the calyx; therefore the spray must be applied before the lobes of the calyx close enough to exclude the spray. Fifth, sprays followed immediately by heavy rains should be repeated. Sixth, spray only with a pump which will give good pressure, not less than eighty pounds, and over a hundred pounds is much better, so as to force the spray into the calyx. Do not spray until nearly all the petals have fallen from the blossoms, on account of danger of injury to the blossoms and risk of killing bees, which are important agents of pollination.

him to use up to date methods of doing business and, if possible, to keep just ahead of his neighbor.

"The question of store lighting is of supreme importance when one considers the thousands of men and women who in the evenings take their families or stroll alone through the lighted thoroughfare making their purchases. Often they are undecided as to just what they desire, and naturally they are drawn to the store that makes it a point to present its wares most attractively.

"No one ever cares to gaze into a gloomy or dimly lighted store. It is the warm, brilliant aspect presented by a well lighted store that attracts the public and increases the purchasing power tenfold. In any large city it can be noticed that the majority of people at night patronize the stores that are located on the side of the street or avenue that is most lighted. It is a common sight to see one side of an avenue crowded while the other side is almost empty, due to the fact that the well lighted stores attract.

"Some time ago it was said that scientific salesmanship was the best asset a merchant possessed, but nowadays it is different. The interest created by well lighted goods neatly displayed is far more productive than any other method used, the object being to first interest the customer, after which the sale is assured."

Trading at home means life to a town. Sending your money elsewhere means stagnation and death.

"Please Help Clean Streets."

The board of public works of Knoxville, Tenn., has had a large number of "cleanup" placards printed for the City Beautiful league to be given to the ward chairmen for distribution. The placards read: "Will you please help make our city clean, healthful and beautiful by observing the ordinance against spitting on the sidewalks and throwing papers and other trash in the streets?" By request of the women of Knoxville.

Patrolling the Mexican Coast.

Washington, March 13.—The protected cruiser Tacoma has been ordered to proceed from Puerto Cortez, Honduras, northward along the Mexican coast.

Forward Turret Raised.

Havana, March 13.—The cover of the forward turret of the battleship Maine has been raised. It is unwrapped, although the 300 heavy bolts that held it in place are sheared in half as though done with a sharp knife.

## BRIGHTEN UP YOUR WINDOWS.

Letting Your Light Shine Is Best Way to Draw Trade.

### NOTHING GOOD IN DIMNESS.

Store Which Displays Merchandise Attractively Under Bright Illumination Is the One Which Makes Money For Its Enterprising Owner.

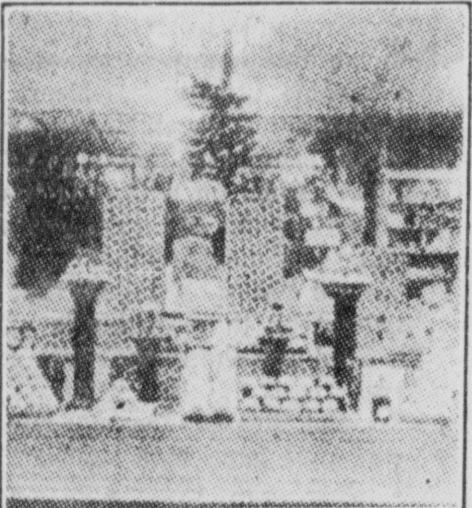

"Let your light shine before men," the good book says in advising men to live spiritual lives. The words are written figuratively, and the advice is good considered from an ethical viewpoint. It is good also if the words are taken at their literal meaning. "Let your light shine before men" if you are a business man and desire trade. Light up your store windows, make a show, and the show will make business for you.

Have you ever watched a crowd of folks out strolling on a fine evening? They stop to look into the store windows, and the thing which attracts them and which brings them in to buy is the light displaying every piece of goods to the best advantage. The well lighted store gets the trade. The dim window attracts nobody and makes no prosperity for its unenterprising owner.

This is not an advertisement for any system of lighting. Any is good which lets the folks see what it is you have to sell. The windows of a store are like the face of a man. If they are bright and shining and happy looking they seem to radiate prosperity and good feeling and naturally tend to draw the pennies and the dollars out of the pockets of the passersby. If they are gloomy or lowering or dull or dingy or unattractive they repel customers and fail to bring into the pockets of their owner the shekels for which he is in business. Get busy, light up your windows, make a show and notice how quickly trade will brighten up. Lighting bills are a small item in comparison with the profits to be made by displaying your goods brightly and attractively.

Speaking on this subject, a magazine devoted to the interests of one method of lighting said recently:

"In these days of progress and improvement the up to date merchant must realize that to keep abreast of the times it becomes necessary for

WELL LIGHTED AND ARRANGED FRUIT-REER'S WINDOW.

him to use up to date methods of doing business and, if possible, to keep just ahead of his neighbor.

"The question of store lighting is of supreme importance when one considers the thousands of men and women who in the evenings take their families or stroll alone through the lighted thoroughfare making their purchases. Often they are undecided as to just what they desire, and naturally they are drawn to the store that makes it a point to present its wares most attractively.

"No one ever cares to gaze into a gloomy or dimly lighted store. It is the warm, brilliant aspect presented by a well lighted store that attracts the public and increases the purchasing power tenfold. In any large city it can be noticed that the majority of people at night patronize the stores that are located on the side of the street or avenue that is most lighted. It is a common sight to see one side of an avenue crowded while the other side is almost empty, due to the fact that the well lighted stores attract.

"Some time ago it was said that scientific salesmanship was the best asset a merchant possessed, but nowadays it is different. The interest created by well lighted goods neatly displayed is far more productive than any other method used, the object being to first interest the customer, after which the sale is assured."

### MME. CALVE

Noted Operatic Star Keeps Her Marriage Secret a Year.

New York, March 13.—Keeping their marriage a secret for a year, Mme. Emma Calve, the noted operatic star, and Alnor Gaspari, the Florentine tenor, admitted just before sailing that they were married in Marseilles last March. After their marriage they toured the world incognito. Mme. Gaspari is a native of France and is forty-five years old.

## VIOLENCE ATTENDS STRIKE OF FIREMEN

### Kentucky Mob Chases Negroes and Engine Demolished.

Louisville, Ky., March 13.—H. M. Holloway, deputy sheriff, was shot from ambush and killed at Stearns, Ky., while guarding the Queen & Crescent coal chutes. Deputy Sheriff Lovett was also killed at the same time, but half a mile away. Two negro firemen were killed at King's Mountain in their engine cabs. While a freight stopped at Glen Mary for water, James Carl, a detective who was in the cab guarding a negro fireman, was shot and fatally wounded. Two negroes who were firing a passenger and a freight train, were killed at Glen Mary while the passenger was stopping there to take on the body of a dead negro who had been killed.

Stanford, Ky., March 13.—Negro firemen working on that portion of the Cincinnati, New Orleans & Texas Pacific railroad passing through Lincoln county have been made to live hard by striking white firemen and their sympathizers. At King's Mountain a gang of about twenty-five men charged upon a freight train waiting for orders, regardless of the arms of the guard. The negro fireman jumped from the opposite side of the cab and ran at full speed up the track, pursued by the howling mob. Fear lent wings to the negro's feet, however, and he outran his pursuers and made his escape. Later a freight train was stopped at the same place and the colored fireman forced to quit his work.

Reports received here are to the effect that at Sun Bright, below Somerset, strikers and sympathizers fired at a negro fireman and his guard and wounded both.

### BLEW UP ENGINE

An Incident of the Strike of Firemen on the C. & N. O. & T. P. Road.

Knoxville, Tenn., March 13.—A freight locomotive was partially demolished and an engineer, fireman and special agent seriously hurt as the result of an explosion alongside the engine at Pine Knot, fifty-six miles north of Oakdale, on the Cincinnati, New Orleans & Texas Pacific railroad.

The explosion is supposed to have been a development in the strike of the road's firemen, but its specific cause has not been determined.

Information of the blast was brought here by the crew and passengers of the "Carolina Special" upon arrival of that train from Cincinnati, more than five hours late.

### Accidentally Shot Wife.

Princeton, Ind., March 13.—Mrs. T. E. Thurman is dying at her home in Mt. Carmel, Ill., as the result of the accidental discharge of a revolver in the bed occupied by herself and husband. The revolver, which was kept under a pillow, slipped down into the bed, and in replacing it Thurman accidentally pulled the trigger, the bullet going through Mrs. Thurman's abdomen and fracturing the spinal column.

### Forward Turret Raised.

Havana, March 13.—The cover of the forward turret of the battleship Maine has been raised. It is unwrapped, although the 300 heavy bolts that held it in place are sheared in half as though done with a sharp knife.

### Patrolling the Mexican Coast.

Washington, March 13.—The protected cruiser Tacoma has been ordered to proceed from Puerto Cortez, Honduras, northward along the Mexican coast.

# Annual Bargain Day

Saturday, March 18

On next Saturday—one day only—subscriptions to the Daily Republican will be accepted for one year in advance, one day only, at

# \$4.00

To obtain this special rate which is good for one day only, all arrears, if any must be paid in full. This is our fifth annual Bargain Day, and each year scores of our subscribers have availed themselves of the opportunity to save \$1.20 over the price of the paper when paid week by week and at the same time make one settlement for the entire year's subscription.

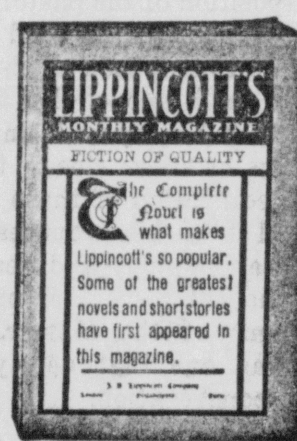

The Republican is recognized as one of the leading local newspapers in Southern Indiana and its growing patronage is the best indication that it is appreciated by Seymour and Jackson county readers.

Four dollars on next Saturday will pay for fifty-two weeks in advance your subscription to the Daily Republican. Take advantage of the offer yourself by seeing the carrier boy or calling at the office, and tell your friends who are not taking the Republican now.

## DEADLY DUEL ON DARK STAIRWAY

Brother of Young Girl Goes After  
Her Lover.

### NO WITNESSES TO TRAGEDY

Despite the Strenuous Objections of  
Her Family, Miss Emma McSweeney,  
Daughter of Tennessee State Demo-  
cratic Committeeman, Persisted in  
Marrying a Young Switchman—Her  
Brother and Lover Fought.

Newport, Tenn., March 13.—Sunday  
morning at 4 o'clock Kidwell Mc-  
Sweeney, only son of Colonel W. J. Mc-  
Sweeney, state Democratic commit-  
teeman and noted lawyer, was killed and  
John Pritchett, young railroad switch-  
man, was probably mortally wounded.  
Miss Emma McSweeney, aged eighteen,  
Colonel McSweeney's daughter, and  
Pritchett became lovers following a  
flirtation. They continued to meet  
after Pritchett had been forbidden  
the home. Colonel McSweeney in de-  
spiration placed his daughter in a con-  
vent at Nazareth.

Six weeks later she escaped to a  
relative's home in Knoxville, Tenn.,  
where Pritchett met her last Friday.  
Her family heard she and Pritchett  
were married, and Miss McSweeney and  
Pritchett boarded a train at Knoxville  
Saturday for Newport "to face the  
music."

A friend, hearing they were not mar-  
ried, wired them not to stop at New-  
port, to avoid danger. The couple ac-  
cordingly passed through to Hot  
Springs, N. C., doubled back through  
Newport on a fast train and returned  
to Knoxville, where a friend persua-  
ded the girl to return home, Pritchett  
agreeing not to return to Newport  
until the affair blew over.

Instead Pritchett returned to New-  
port and dodged behind the railway  
station in his room, while the girl was  
met by her brother and her uncle.  
Then young McSweeney followed Prit-  
chett to the stairway leading to his  
rooms, where McSweeney, it is alleged,  
opened fire with a 38-caliber automat-  
ic revolver, Pritchett returning the  
fire. The duel was in the darkness,  
Pritchett having the advantage of be-  
ing several stairs above his foe. There  
were no eye-witnesses. Pritchett  
was taken to Knoxville hospital.

### INQUIRY ORDERED

Illinois Legislature to Take Up Case  
of Whipped Girl.

Rock Island, Ill., March 13.—Minnie  
Hobert, nineteen years old, who was  
released several days ago from the  
state training school for delinquent  
girls at Geneva, has made charges  
against certain attendants and ma-  
trons at the school which, the authori-  
ties say, will result in an investigation  
by the legislature. Steps in that di-  
rection already have been taken.

Attorney P. H. Wells, who secured  
the release of the girl after threats of  
bringing habeas corpus proceedings,  
has the girl's charges in the shape of  
an affidavit.

The affidavit of the girl says in part:  
"After I had been at Geneva about  
seven months (she was taken there in  
1908) I broke one of the rules by talk-  
ing to a girl from another flat. A  
woman attendant came to me and asked  
me if I had communicated with the  
girl. At first I was afraid of being  
punished, and I told her I had not."

"Then the attendant ordered me to  
take off all my clothes and lie face  
downward on my bed. When I had  
done this she wrapped a wet sheet  
around me and then took a piece of  
rubber hose and, while several of the  
other matrons and attendants held me  
down, whipped me with the hose until  
she was tired. Then she gave the  
hose to one of the other matrons, who  
continued the whipping."

"A girl named Georgianna Lafferty,  
who occupied an adjoining room, said  
she counted the blows, and that I was  
given 130."

A German View of It.  
Berlin, March 13.—The Koelnische  
says that while admitting that Wash-  
ington's secrecy prevents determining  
whether the mobilization of troops is  
due to "American fears of Japan's  
mighty army and the knowledge of  
her own weakness," there are reasons  
for the belief that the present move-  
ment of troops is in the nature of a  
rehearsal of the mobilization which  
may be directed against Japan.

### WEATHER EVERYWHERE

Observations of United States  
weather bureaus taken at 8 p. m.  
yesterday follow:

Temp.	Weather.
New York..... 46	Cloudy
Boston..... 40	Rain
Denver..... 30	Pt. Cloudy
San Francisco 36	Clear
St. Paul..... 26	Clear
Chicago..... 34	Clear
Indianapolis.. 39	Cloudy
St. Louis..... 34	Cloudy
New Orleans.. 74	Clear
Washington... 54	Cloudy
Philadelphia.. 50	Rain

Generally fair, slightly colder  
in extreme southeast portion;  
Tuesday fair, warmer.

### SKIN AFFECTIONS

Whether on Infant or Grown Person  
Cured by Zemo and Zemo Soap.  
"An Unusual Offer"

The A. J. Pellens Drug Store says  
to every person, be it man, woman or  
child, who has an irritated, tender or  
itching skin to come to our store and  
procure a bottle of ZEMO and a cake  
of ZEMO soap and if you are not en-  
tirely satisfied with results, come  
back and get your money. So confi-  
dent are we of the efficacy of this  
clean, simple treatment, that we make  
you this unusual offer.

ZEMO is a clear liquid for external  
use that has cured so many cases of  
eczema, pimples, dandruff and other  
forms of skin diseases. ZEMO and  
ZEMO soap are the most economical  
as well as the cleanest and most ef-  
fective treatment for affections of  
skin or scalp, whether on infant or  
grown person.

### The Point of View.

The eastern man looked at the driv-  
er of the stage which was to land  
him near the Top Notch mine and  
found him an interesting specimen in  
many ways. "But I mustn't let him  
suspect I intend to use him for mat-  
terial," he thought.

"I suppose there are a good many  
queer people about here," he said with  
caution a moment later. "You must  
have a good chance to see them."

"The best there is," returned the  
stage driver. "As I said to Sam Barker  
the other day, if one of us knew  
how to write stories all we'd have to  
do for characters would be to take  
'em from the folks that land here  
when the train from back east comes  
in."—Youth's Companion.

### No Need to Stop Work.

When your doctor orders you to  
stop work, it staggers you. "I can't,"  
you say. You know you are weak,  
run down, and failing in health, day  
by day, but you must work as long as  
you can stand. What you need is  
Electric Bitters to give tone, strength  
and vigor to your system, to prevent  
breakdown and build you up. Don't  
be weak, sickly or ailing when Elec-  
tric Bitters will benefit you from the  
first dose. Thousands bless them for  
their glorious health and strength. Try  
them. Every bottle is guaranteed to  
satisfy. Only 50c, at the Andrews-  
Schwenk Drug Co.

### Lotteries.

Lotteries were features in the Ro-  
man saturnalia and in the banquets  
of the aristocratic Romans, the object  
in both cases being amusement. Some  
of the emperors adopted lotteries on a  
grand scale. Nero's prizes were some-  
times a house and at others a slave.  
Heliogabalus introduced the element  
of absurdity. One prize would be per-  
haps a golden vase and the next six  
flaves. In the sixteenth century the  
lottery was adopted in Italy to en-  
courage the sale of goods. The first  
recognized lottery in France was in  
1656, and soon it became a popular  
mode of raising money for state pur-  
poses. In England the earliest sanc-  
tioned lottery was for the repair of  
harbors in 1569.

### Forced to Leave Home.

Every year a large number of poor  
sufferers, whose lungs are sore and  
racked with coughs, are urged to go to  
another climate. But this is costly  
and not always sure. There's a bet-  
ter way. Let Dr. King's New Discov-  
ery cure you at home. "It cured me  
of lung trouble," writes W. R. Nel-  
son, of Calamine, Ark., "when all else  
failed and I gained 47 pounds in  
weight. Its surely the king of all  
cough and lung cures." Thousands  
owe their lives and health to it. It's  
positively guaranteed for Coughs,  
Colds, Lagrippe, Asthma, Croup—all  
Throat and Lung troubles. 50c, and  
\$1. Trial bottle free at the Andrews-  
Schwenk Drug Co.

### The Wedding Cake Pagoda.

At Mingun on the right bank of the  
Irrawaddy river, about five miles from  
Mandalay, in Burma, there stands a  
peculiar pagoda, known as "the wed-  
ding cake pagoda" because it looks like  
a marvelously magnified bridal cake.  
It was built in the early part of the  
nineteenth century and is in thoroughly  
good preservation, only a few of the  
images inside having been broken.  
The extreme height to the top of the  
minaret is eighty feet and the circum-  
ference about 600 feet. The pagoda  
stands back from the river some 300  
feet and is hidden from it by a grove  
of teak trees. Close to it is the fa-  
mous Mingun bell.—Wide World Maga-  
zine.

### A Dreadful Sight

to H. J. Barnum, of Freeville, N. Y.,  
was the fever sore that had plagued  
his life for years in spite of many  
remedies he tried. At last he used  
Bucklen's Arnica Salve and wrote:  
"It has entirely healed with scarcely  
a scar left." Heals Burns, Boils,  
Eczema, Cuts, Bruises, Swellings,  
Corns and Piles like magic. Only 25c  
at the Andrews-Schwenk Drug Co.

### Glycerin.

Glycerin has the property, extraor-  
dinary among liquids, of not evaporat-  
ing.

## WAITING FOR A LEGAL DECISION

Saloon Squabble At Marion Is  
Still Unsettled.

### IMPEACHMENT TALK IS HEARD

"Wets" Are Said to Be Seriously Con-  
sidering the Institution of Impeach-  
ment Proceedings Against County  
Commissioners Who Withhold Li-  
censes Despite Recent Victory Wets  
Gained on the Face of the Returns.

Marion, Ind., March 13.—While the  
liquor men declare they will institute  
action in court to defeat the decision  
made by the county commissioners,  
after hearing evidence of alleged ille-  
gal voting, that a "majority of the  
equal votes" cast at the recent local op-  
tion election in Marion were "dry" in-  
stead of there being a "wet" majority  
of thirty-five, as was apparently shown  
by the returns, they are said to be in  
doubt as to just how to proceed.

The "wets" are seriously consider-  
ing the institution of impeachment  
proceedings against the commission-  
ers, according to one of the lawyers  
representing the local brewery, but  
this has not been fully agreed upon.

Attorneys for the "drys" ridicule the  
idea of a successful impeachment of  
the commissioners. It is stated that  
the "wets" will not reach a definite  
decision as to their manner of proce-  
dure until word is received from an  
attorney for the Indiana Brewers' as-  
sociation, and Senator Proctor of Elk-  
hart, author of the Proctor law, who  
have returned to their homes after  
conferring with local attorneys to  
study legal authorities.

While the commissioners have of-  
ficially declared the city of Marion  
"dry" various persons continue to  
give notice of their intentions of ap-  
plying for liquor licenses. More than  
twenty-five have given notice, though  
the commissioners have fixed the limit  
of licenses at twenty-one.

### DROVE TO MORGUE

Then an Indiana Farmer Shot Himself  
to Death.

Logansport, Ind., March 13.—Jesse  
Bussard, a prominent farmer living  
south of Logansport, drove to an un-  
dertaking establishment, called Chas.  
A. Updegraff, assistant embalmer, and  
asked him to hold his horses. He  
went into the morgue, seated himself  
on Updegraff's bed and, placing a re-  
volver to his head, killed himself.

Tired of waiting for Bussard's re-  
turn, Updegraff went inside and found  
the farmer dead on the bed. About a  
year ago Mrs. John Yeagley, sister of  
the victim, committed suicide at her  
home, south of the city, by hanging  
herself. She was insane.

Bussard's act was caused by worry  
over business transactions. This, it  
is thought, unbalanced his mind. He  
is survived by a widow and two chil-  
dren. The youngest is three weeks  
old.

### Boy Admits Act of Wrecker.

Laporte, Pa., March 13.—Confessing  
that on Washington's birthday he  
piled ties on the railroad to wreck a  
passenger train near Monroeton, six-  
teen-year-old Arthur Millard will be  
given a hearing. In his confession  
the boy declared that something "just  
made him do it." The train struck the  
blockade, but was not derailed.

### No Clue to Mystery.

Fort Wayne, Ind., March 13.—That  
the man whose body was dragged from  
St. Mary's river here was Harold L.  
Shaw was established by the Fort  
Wayne police, who are bending every  
effort to solve the murder mystery.  
Shaw was employed as an electrician  
at a local hotel and disappeared about  
Jan. 1. There is no clue to the mur-  
derer.

### House Built in a Day.

Logansport, Ind., March 13.—Learn-  
ing that the widow of a former mem-  
ber of the local tribe was in reduced  
circumstances, members of the Red  
Men's lodge of this city bought the  
material and erected a six-room cot-  
tage on a lot owned by Mrs. James  
Lebo. The work was practically com-  
pleted in one day.

### Charge Farmer With Arson.

Logansport, Ind., March 13.—Conrad  
Baade, sixty-nine years old, a wealthy  
farmer living at Georgetown, was ar-  
rested on a grand jury indictment  
charging him with setting fire to the  
Georgetown mill, which was mysteri-  
ously burned a month ago, entailing a  
loss of \$2,500.

### Caught by Traction Car.

Columbus, Ind., March 13.—Willard  
Talley, an unmarried farmer of near  
Reddington, is dead of injuries re-  
ceived from a Hoosier Flyer of the In-  
dianapolis & Columbus Traction com-  
pany at Reddington. He was crossing  
the track in a buggy when the latter  
was struck.

### Smuggled Saws to Husband.

Terre Haute, Ind., March 13.—Mae  
Hiatt, wife of Spencer Hiatt, under in-  
dictment here for highway robbery,  
was convicted of attempting to aid her  
husband to break jail by smuggling  
saws to him, and was sentenced to 150  
days and fined \$200.

### WHY HESITATE?

An Offer That Involves No Risk For  
Those Who Accept It.

We are so positive our remedy will  
completely relieve constipation, no  
matter how chronic it may be, that we  
offer to furnish it free of all cost if  
it fails.

Constipation is caused by weak-  
ness of the nerves and muscles of the  
large intestines or descending colon.  
To expect a cure you must strength-  
en these organs and restore them to  
healthier activity.

We want you to try Rexall Order-  
lies on our guarantee. They are eat-  
en like candy, and are particularly  
ideal for children. They act directly  
on the nerves and muscles of the bow-  
els. They have a neutral action on  
the other organs or glands. They do  
not purge or cause any inconvenience  
whatever. They will positively over-  
come chronic or habitual constipation  
and the myriads of associate or de-  
pendent chronic ailments. Try Rexall  
Orderlies at our risk. Two sizes, 10c,  
and 25c. Sold only at our store—The  
Rexall Store. The Andrews-Schwenk  
Drug Co.

### Noodle Dishes.

Contrary to general supposition, noo-  
dles are also used for dishes other  
than soup. Noodle soup in itself, how-  
ever, is a dish relished by nearly ev-  
erybody regardless of nationality. The  
noodles must, of course, first be boiled  
by the housewife, after which they  
may be served in various ways. The  
Germans often serve noodles with Ger-  
man prunes. Noodles may also be  
served with milk seasoned to suit the  
taste with salt and butter. They may  
be served with chili. The Italians take  
the cooked noodles, add seasoned to-  
matoes and bake for half an hour.  
Noodles make an excellent dessert by  
pouring melted butter over them and  
adding chopped nuts or fruit.—Baker's

There is more Catarrh in this sec-  
tion of the country than all other  
diseases put together, and until the  
last few years was supposed to be  
incurable. For a great many years  
doctors pronounced it a local disease  
and prescribed local remedies, and  
by constantly failing to cure with local  
treatment, pronounced it incur-  
able. Science has proven catarrh to be  
a constitutional disease and there-  
fore requires constitutional treat-  
ment. Hall's Catarrh Cure, manufac-  
tured by F. J. Cheney & Co., Toledo,  
Ohio, is the only constitutional cure  
on the market. It is taken internally  
in doses from ten drops to a tea-  
spoonful. It acts directly on the  
blood and mucous surfaces of the  
system. They offer one hundred dol-  
lars for any case it fails to cure.  
Send for circulars and testimonials.  
Address: F. J. Cheney & Co. Toledo,  
Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for con-  
stipation.

### INDECISION.

There is no more miserable hu-  
man being than one in whom noth-  
ing is habitual but indecision and  
for whom the drinking of every cup,  
the time of rising and going to bed  
every day and the beginning of ev-  
ery bit of work are subjects of vol-  
itional deliberation. Full half the  
time of such a man goes to the de-  
ciding or regretting of matters that  
ought to be so ingrained in him as  
practically not to exist for his con-  
sciousness at all.

## YOU CAN FOLD YOUR ARMS AND SMILE

When the ladies crowd your  
store.  
When they come in double  
file.  
Thronging through your open  
door.  
Seeking bargains worth their  
while.  
Which they read about before.

Don't you then  
Feel awful glad  
You put in  
That little ad.?

## REMOVING SNOW FROM SIDEWALKS

How It Is Done In Lacrosse,  
Wis., Explained.

### BEST METHODS TO EMPLOY.

In Cleaning Streets and Walks Snow  
Shovelers Should Be Instructed In  
the Special Importance of Keeping  
Free Mail, Police, Fire Boxes, Etc.

The proper cleaning of snow from  
sidewalks offers considerable difficulty  
to officials for its proper solution.  
Where the law requires the authori-  
ties to take charge of the cleaning of  
all walks snowplows can be used to  
advantage at least once or twice in the  
season. After this the snow will pack  
on the sides and roll back on to the  
walk. Hand labor must then be in-  
stalled if the walk is to be cleaned full  
width. Where it is a question of clean-  
ing walks which property owners are  
required to clean, but do not, it is not  
generally practicable to use plows  
since the walks which are to be clean-  
ed by the city are widely scattered,  
and in such cases also hand cleaning  
must be resorted to.

Where there are sodded strips snow  
should be removed at least one foot be-  
yond each edge of the sidewalk paving,  
especially where the lots adjoining are  
higher than the walks, as this will  
prevent ice from accumulating after  
thawing begins.

Immediately after a snowfall all pub-  
lic walks, street corners and street and  
alley crossings should be cleaned in a  
systematic way. The work is laid out  
in routes, with from two to four men  
on each route, depending upon the  
depth of snowfall. When possible the  
men selected are those living nearest to  
the respective stations.

It is sometimes difficult to judge cor-  
rectly as to what constitutes a com-  
pliance with the requirements of a  
clean sidewalk. Some property owners  
appear to think that a path along the  
center of the walk is sufficient, while  
others wait until the snow has been  
tramped hard and then remove the  
loose snow on either side. Neither of  
these should be tolerated by the au-  
thorities, as the first thaw will cause  
ice to form and make a most danger-  
ous condition.

The length of routes and sizes of  
crews for shoveling private sidewalks  
should be increased over those for the  
regular public shoveling. About eight  
men and one foreman for a crew have  
been found to be the most desirable.  
The foreman should locate, measure  
and describe the work. For the meas-  
urements he may use a ten foot stick  
and locate the work by giving the dis-  
tance of its beginning from the near-  
est corner and the number of front  
feet shoveled—for example, "north-  
west corner Sixth and State; com-  
mence north 100 feet; 50 feet; skip 100  
feet; 50 feet," this being interpreted  
as meaning, beginning on the north-  
west corner of Sixth and State streets,  
the first 100 feet running north were  
shoveled by the owner, the next 50  
feet shoveled by the city, the follow-  
ing 100 feet shoveled by the owner  
and the last 50 feet by the city.

To correct any mistakes made by the  
city force a postal card printed for  
this purpose should be sent to each  
owner of the properties cleaned, giv-  
ing information of location, amount of  
work done and cost; the owner having  
the option of paying this cost at once  
or having the same charged to taxes.  
These cards are very much appreciat-  
ed by owners whose leases call for  
their tenants to clean the sidewalks.  
The card used in La Crosse is as fol-  
lows:

La Crosse, Wis., —, 191—  
Dear Sir—You are hereby notified that  
snow has been removed — by direction  
of the board of public works, in accord-  
ance with provisions of city charter and  
ordinances governing the same, from your  
walk abutting lot —, block —, — addi-  
tion, the charge for such work amounting  
to \$—

Unless this is paid by —, 191—, a special  
assessment will be made against the  
property and charged to taxes.  
All snow and ice ridges as well as loose  
snow must be removed from sidewalks  
(full width) at once after each and every  
snowfall. Sand or salt must be used on  
icy sidewalks. Respectfully,  
BOARD OF PUBLIC WORKS.

After the cleaning of all walks gut-  
ters should be opened for a width of  
at least twenty four inches. Generally  
large banks of snow have accumulated  
from sidewalks or street car tracks.  
Where there is a street car track or  
the snow is being removed from the  
roadway these banks of snow should,  
of course, be hauled away, while on  
streets having no tracks or where the  
snow is not removed they may be  
scattered in the center of the roadway.  
The saving in cost of removing loose  
snow from gutters rather than remov-  
ing ice by use of picks is an item not  
to be overlooked. Where gutters are  
kept open sudden thaws will find a  
good outlet, but if the gutter is not  
opened ice is apt to form to a greater  
or less depth.

In cleaning streets and sidewalks  
snow shovelers should be instructed in  
the special importance of keeping free  
all catch basin openings, hydrants and  
mail, police and fire alarm boxes.

Before ordering catalogue  
goods from another city try  
your local dealer. He may have  
just what you want at prices  
equal to the mail order house.

# SPRING STYLES

We are now prepared to show everything in men's wearing apparel.

Our line of suits, top coats, hats and shoes are the most up-to-date in the city.

We also have an excellent line of ends on display for men's made-to-measure suits. Come in and see them.

Remember everything is correct in style, fit and workmanship, and satisfaction guaranteed.

## RICHART

## MAKING USE OF SCHOOLHOUSES

Getting Full Returns on a Billion Dollar Investment.

AGITATION COUNTRY WIDE.

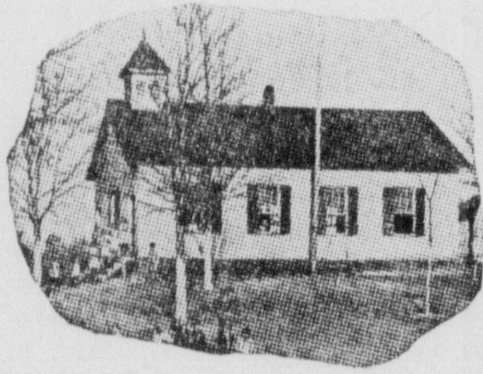

Many Communities Now Getting Full Use of School Buildings, Which Should Be the Local Point of Educational, Political and Social Life.

The school plant of America is valued at \$1,000,000,000. It lies idle 61 per cent of the available time, when it is used only for day school purposes. Assuming that the full use of this property is worth to the community 5 per cent upon the investment, its employment for day instruction only would involve an annual waste in the United States of \$30,500,000, says Clarence A. Perry in the Survey.

As was said recently, "most of us no more appreciate what it means to have these possessions than the people of Europe before 1492 appreciated what it meant to have the earth. There was a whole hemisphere of incalculable wealth and opportunity about which they knew nothing. And in the school plant there is a whole hemisphere of value unrealized, undiscovered by those who think of it as simply a building for the education of children, with the added use of an occasional evening school."

The school building should be the capitol of the neighborhood, the focal point of educational, recreation, political and social life. Its importance as a place for the development of intelligent public spirit through the free discussion of public questions is fundamental, for those who are opening our schoolhouses for the largest public service are simply carrying on the traditions of freedom."

Back in the eighties it was customary to turn the schoolhouse over to the janitor at 4 o'clock for sweeping. An hour later he locked the doors, and the building was not used by anybody during the rest of the day. When he got through on Friday afternoon the school premises were closed until the following Monday morning. On Saturday and Sunday the school grounds were shunned as forbidden territory. During the long summer months no one entered them except possibly the workmen who went there to make repairs. The whole school property was used from 9 to 4 during 180 days out of the year—about 39 per cent of the total usable period. But within a couple of decades a vast movement has been started for a wider use of the

THE LITTLE SCHOOLHOUSE.

school plant, and many communities are now receiving much larger dividends upon their school investments.

Many activities are now carried on in schoolhouses after day hours. Evening and vacation schools, playgrounds in school yards during July and August, evening recreation and social centers during the winter months, free lectures, entertainments, indoor sports, folk dances, civic and educational meetings in school assembly rooms and gymnasiums—these are the chief ways in which the taxpayers are now getting more service from school property.

In Rochester, where every other schoolhouse has become a neighborhood social center, an extensive use of classrooms is being made by men's civic clubs for nonpartisan discussions of political questions. "The schoolhouses are the places for political meetings," said a county committeeman in a Rochester social center. "I do not mean that they should be opened to any one political party, but to all. Why should I be compelled to go into a barroom to address a political meeting, where the bartender is using me to advertise his beer? Why should I be compelled to go into smoke filled rooms to talk on political issues when we have buildings like this where those things can be taken up?" How easily the ordinary public school plant becomes the focusing point for the social activities of the neighborhood is well illustrated by Rochester public school No. 9. Besides being a day, evening and vacation school and serving as a public clubhouse for men, women, boys and girls, the building is used as a moving picture theater, a lecture hall, a gymnasium, a bathhouse, a dance hall, a library and a playground house. A free dental clinic is to be established in it, and it has already become a public health office. Its yard is used as a playground, an athletic field and a school garden. With a little more ground for a park the whole plant would come close to a realization of the ideal social center. Is there any other American institution that so naturally attracts to itself all the varied interests of the community?

## The near approach of spring calls for new wearing apparel

Our preparedness to supply the early demands for suits, coats, dresses, waists and skirts for spring wear is soon evident to those who visit our suit section these days. The wide choice of styles and the convincing values are factors that sustain our leadership in women's apparel. An inspection now will add to your conviction of this fact.

### New wash dresses at \$1.98, \$2.50 and \$2.98

Here is a collection of new wash dresses, in bright, pretty spring colors, that will make you want a half dozen of them at once. Made of percale, madras and ginghams, with the new kimono sleeves, Dutch neck and elbow length sleeves. Some open in back, some in front.

### New suits and coats for women and misses

We are now exhibiting a large assortment of women's tailored suits in the newest spring models. Many new shades are in evidence. The jackets are all short and the skirts are made in different widths. Priced \$12.50, \$15, \$18.50, \$25 and up.

Our showing of coats for the girl and young woman is particularly pleasing in the variety and styles it embraces. Spring coats for girls from 6 to 14 years, and misses, 13 to 18 years; all are moderately priced at \$3.98, \$5 \$5.98 up to \$12.50.

Women's coats in very beautiful styles are here, chiefly of serge, the popular material this season. The prevailing colors are navy blue, tan and gray. Coats at \$9.75, \$12.50, \$15 and up.

### Lingerie Waists, 98c

A special value in women's embroidered lingerie waists, made long sleeves and high neck and open in back.

### Taffeta petticoats, \$2.98

A new lot of these taffeta petticoats, worth \$5.00. They come in all shades and black and are very special bargains at \$2.98.

### Silk Dresses at \$9.75, \$11.75 and up

Our display embraces hundreds of new spring silk dresses of foulard and messaline, plain and figured. Among the favorite shades are the new coral blue, tan, gray, reseda, light blue and stripes in blue and white and black and white effects.

### Skirts at \$5.98, \$6.50 and \$7.50

Women's panama, serge and mixed cloth, separate skirts, in all the popular new shades; some white and cream serge.

### Skirts at \$3.98 and \$5.00

Women's fine panama skirts, strictly tailor made in colors and black. The best values we have ever shown.

Frank Jones attended the sale of the Beldon property at Crothersville today, representing one of the bidders for the real estate.

Mrs. Travis Carter, of Indianapolis, came Sunday afternoon for a visit with her parents, Mr. and Mrs. Theo. Ridden and family, and other relatives.

**A Big Success.**  
The slaughter sale of the Seymour Dry Goods Company stock which was purchased recently by the Gold Mine, began Saturday and was a big success. The store was crowded all day by people who were after bargains offered and there were times when the clerks were unable to wait on the people. The Gold Mine expects to continue the sale until the stock is closed out.

## CATARRH

### A SYSTEMIC BLOOD DISEASE

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by PURIFYING the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

## DEPOSIT SLIP LOST IN SENATOR'S HANDS

Bailey Called to Springfield to Give Explanation.

Springfield, Ill., March 13.—State's Attorney Burke has obtained a subpoena duces tecum for United States Senator Joseph W. Bailey of Texas, summoning him as a witness in the case against State Senator John J. Broderick of Chicago, who is charged by former State Senator David H. Holstlaw of Duke, with paying him \$2,500 in 1909, in Broderick's saloon in Chicago for Holstlaw's vote for Lorimer for United States senator.

Holstlaw produced a deposit slip for that amount on the State Bank of Chicago, in which bank he said he deposited the money.

The deposit slip was taken to Washington by the subcommittee investigating Lorimer's election, and the last knowledge of the whereabouts of the slip was when Senator Bailey held it in his hand during his speech in the senate in defense of Lorimer and denounced it as a forgery.

Bailey's explanation was that while he was addressing the senate someone took the slip from his hand and that he cannot remember who it was. Broderick's case is set for trial next Monday.

## NEARING AN END

Grand Jury Investigation at Danville May Close This Week.

Danville, Ill., March 13.—Twenty-five indictments against ward workers have been returned. The indictments were for ordinary misdemeanors, it was claimed at the state's attorney's office, but it is known that an indictment was returned against Coroner R. M. Cole and that it was procured by Charles Knox, one of the defeated candidates for sheriff. Cole, it is said, is charged with having unlawfully obtained \$350 from Knox, who is a wealthy Oakwood township farmer. Two additional indictments were returned against former County Treasurer H. H. Whitlock, charging embezzlement and the diverting of the people's money to his own use.

The indictment of ward workers is an unprecedented action. It was originally the idea of former Foreman Woodward, who contended that these men were out for the money and that the graft they obtained was merely a compensation for their franchises.

An attempt will be made to end the inquiry this week. While one juror declared 200 indictments had been voted, an "insurgent" member asserted they had only been tentatively decided upon and that an attempt would be made to prevent their return in court. If this plan succeeds less than 100 true bills against Vermillion county's reputed 3,500 vote sellers will be the farcical result of the six weeks' investigation.

## Walked Him All Night.

Bloomington, Ind., March 13.—After being compelled to perform an all-night marathon stunt on account of having taken twelve grains of morphine with suicidal intent, Thomas Easton, a local laborer, was pronounced out of danger at 6 o'clock in the morning and is receiving congratulations from his friends.

## That Rumored Alliance.

Paris, March 13.—The Temps refers editorially to the rumored treaty of alliance between Mexico and Japan and says that while the report is hard to verify, it is certain that the relations between the two countries have become exceedingly close of late.

## Cows Uncover Pail of Coin.

Dixon, Ill., March 13.—Cows in eating away a strawstack near Walnut uncovered an iron pail containing a quantity of gold and silver coins thought to be a part of the plunder from the recently burglarized bank of that city.

## PROTECT YOUR FIREWOOD.

Paying Proposition to Give Attention to Saving of Heat Units.

The condition of the farm wood supply is oftentimes not given due consideration. There is a right way in the matter and a wrong way. It is poor economy to burn green or poorly seasoned wood when a good article may just as well be had, says a correspondent of Orange Judd Farmer.

Firewood to contain the maximum heating qualities must be cut while the timber is green and the wood cells dormant, and cured under shelter. However, where one is utilizing the waste timber of the wood lot it is not always possible to cut the timber while in the best condition. There are the windfalls to work up and the young growth to thin, and it is not always convenient or possible to do this work at the proper time. This class of timber should be utilized, however, and will make a very satisfactory article if properly cured and preserved. Firewood exposed to the weather while curing loses much of its heating properties. Not only so, but such timber contains a certain per cent of moisture, and this must be driven off before the wood cells will burn. This process uses up a certain portion of the heat units generated by the burning wood. Scientific investigation has determined just what per cent of the heating properties of firewood may be used or dissipated in this way, but for practical purposes it should be sufficiently convincing that it pays to properly cure and preserve wood just to notice the difference in the manner in which the two kinds burn when placed in the stove.

I have had experience in the matter and am fully satisfied that properly curing and preserving the farm firewood supply is a paying proposition. We have no regular building for curing wood, merely protecting it with a board roof, yet this wood is far ahead of that which has had the full benefit of the copious rains and snowstorms.

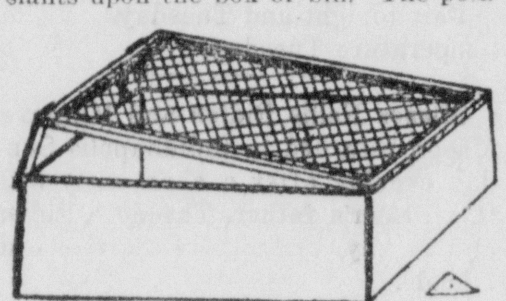

Keep an account of every hour's time needed to prepare the ground, plant the seed, tend the crop and harvest the grain. To this add a reasonable amount for wear and tear of the machinery and the legal rate of interest upon the money invested in the land.

When the crop is harvested figure the number of bushels at the prevailing market. If the expense account exceeds the other, then set about to increase the productiveness of the land so that it will produce more the year following.

## SAVES TIME AND WORK.

Separating Big Ones From Little Ones Is Job of This Potato Sorter.

The tedious labor involved in sorting many bushels of potatoes can be relieved with the device shown in the illustration and the amount of work done in half or a third of the time possible under the hand method. A frame is built to go over a large box or bin. This is covered with one inch mesh chicken wire and set so that it slants upon the box or bin. The potatoes are placed upon this screen, and the small ones pass through the meshes into the box or bin below.

HANDY POTATO SORTER  
[From Orange Judd Farmer.]

The larger potatoes roll down toward the lowest end of screen. Two men standing on each side of the device can pick out all the damaged potatoes as they roll down over same, thus securing perfectly sorted potatoes with but a fraction of the time, labor and expense required to sort them by hand.

If the device is placed on a bin that is several feet from the ground an inclined surface should be placed at the foot of the screen so the tubers will not be bruised by dropping directly to the floor or ground.—Orange Judd Farmer.

## Hop Shoots as a Vegetable.

In the spring, when the hop plant begins to throw up shoots, it is customary in England to thin out and throw away the shoots, leaving only two or three to each plant. In some continental countries, however, these hop shoots are used as a vegetable, being gathered when from four to five inches long and boiled and eaten like asparagus.

Map out a plan of intelligent farming and then adhere closely to that plan year in and year out—unless your neighbor has what proves to be a more successful plan, in which case follow his methods.

## Russia After the Corn Championship.

Not satisfied with wrestling from the United States the proud title of "champion wheat growing country of the world," Russia apparently seems determined also to dispose of her first place in the production of corn.

## Hardy Winter Wheat.

In the introduction of hardy varieties of winter wheat Kharkov so far is found the best. From fifteen to twenty million bushels are now grown annually from this variety alone.

## Fifty Years Ago Sunday, March 12.

The citadel of Messina surrendered to Sardinian besiegers. Confederate commissioners in Washington were informed that President Lincoln declined to hold intercourse with them. Verdict of \$250 for libel was rendered in a New York court against the poet-editor of the Evening Post, William Cullen Bryant.

## Twenty-five Years Ago Sunday

The California Anti-Chinese association, in session at Sacramento, adopted a radical memorial to congress. Expulsion of all Chinese and the boycott were among the drastic measures advocated.

## Fifty Years Ago Today, March 13.

The peaceful evacuation of Fort Sumter by the United States garrison was expected at any moment. This and a Paris rumor to the effect that Europe would recognize the Southern Confederacy were topics of the hour.

## Twenty-five Years Ago Today.

Street car men in Cincinnati won their demands after a four hour strike.

## MUST BELIEVE IT.

When Well Known Seymour People Tell It So Plainly.

When public endorsement is made by a representative citizen of Seymour the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

Mrs. Sheridan Burge, Third and Blish streets, Seymour, Ind., says: "I am enjoying excellent health at the present time, thanks to Doan's Kidney Pills. I was so miserable that I about gave up all hope of ever being well. The pains in my back almost drove me frantic and I could not do much work. The kidney secretions were unnatural and I lost in weight until I was but a mere shadow of my former self. I doctored faithfully and tried remedies of various kinds, but not until I took Doan's Kidney Pills, did I get permanent relief."

For sale by all dealers. Price fifty cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Just Provocation.

Patience—How did you rip the sleeves of your new dress, dear? Patrice—Raising my hands suddenly. "But you shouldn't raise your hands suddenly when you have on such a right fitting gown."

"Well, I guess you wouldn't stop to think of your gown if somebody at a function whispered in your ear that the rat in your hair was showing—Yonkers Statesman."

## CURE ECZEMA.

"We Prove It"

Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin when the A. J. Pellens Drug Store guarantees ZEMO, a clean liquid preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

In over 2,000 towns and cities in America, the leading druggist has the agency for ZEMO and he will tell you the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation? A. J. Pellens Drug Store.

## Cherries In Switzerland.

In medieval times there was no private ownership in cherry trees in Switzerland. They belonged to the community, and there were special regulations as to their picking. At Altstatten, in the canton of Zurich, this custom was still in vogue early in the last century. At some places a special bell was rung to indicate that the cherries were ripe. Then it was first come first served.

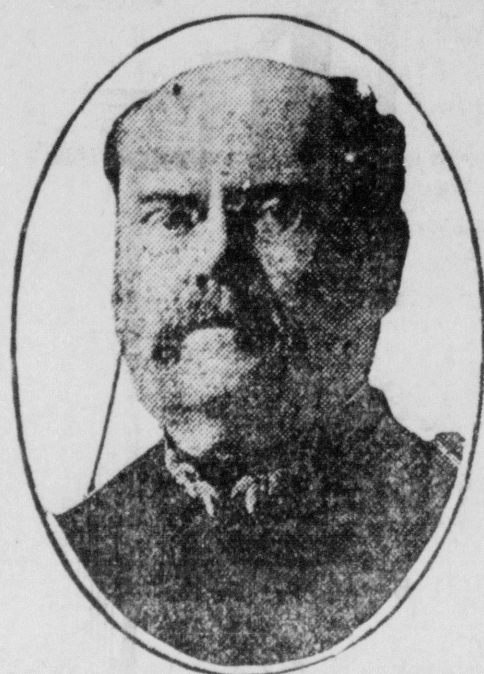

## Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyoming, who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c. at the Andrews-Schwenk Drug Co.

Advertise in the Republican. It pays.

## GEN. TRASKER H. BLISS

In Charge of Troops Guarding Lower Border of California.

Brigadier General Tasker H. Bliss, in charge of the United States troops in California, was one of the first army officers to advise the war department that a large detachment of troops would be necessary along the border.

## POLICE DRIVEN OFF BY RIOTOUS TROOPS

Galveston the Scene of the First Battle of the "War."

Galveston, Tex., March 13.—About 3 o'clock Sunday morning the finding of Winfred Joel, a soldier from Camp Crockett, lying in the street with a knife wound in his side, precipitated an attack by his comrades on negroes and Mexicans in the red light district. The soldiers demolished the furniture in two houses and then set fire to them, badly damaging three houses. The police attempted to arrest the soldiers and were in turn attacked and driven off, while one policeman, Patrick Reagan, was cut several times with a knife. The fire department was called out, but the fire hose was cut, and not until a provost guard arrived were the firemen able to extinguish the flames.

Several Mexicans and negroes were assaulted and the police clubbed four or five soldiers, but the latter were organized and planned to clean out the neighborhood. They were prevented from doing further damage by the arrival of Colonel Bailey, commanding the regiment of coast artillery mobilizing here, on the scene with a provost guard of forty men from Camp Crockett. Three soldiers were taken to jail and twenty-two others placed in the guardhouse in camp.

The men involved in the riot, especially those connected with the burning of the houses, will be court-martialed and the brigade officers assured the city authorities they will be given the maximum punishment.

## Tragedy at a Dance.

New Haven, Ill., March 13.—John Rourke, aged 28, a prominent farmer, was killed by Joe Fuhrer. Rourke tried to break up the dance and when Fuhrer attempted to act as peace-maker the former assaulted him with a knife.

## Tramp Robbed Tax Collector.

Rockford, Ill., March 13.—Jeff Aubrey, a tax collector, was held up near Lanark by a tramp, beaten and robbed of \$500.

## TERSE TELEGRAMS

The Mexican congress has been convened in extraordinary session, to meet the emergency confronting the government.

Francisco I. Madero, Mexican insurrecto provisional president, was wounded in the left arm in the fight at Casas Grandes.

El Diario, of the City of Mexico, a government organ, says: "There is absolutely no foundation for the rumor of a Mexican-Japanese alliance."

France has adopted standard or Greenwich time, causing the setting back of all clocks in that country nine minutes and twenty-one seconds.

Eighteen are dead at the Norman mine at Virginia, Minn., on account of an avalanche from the bank into the mine. Most of these men are Austrians and Finns.

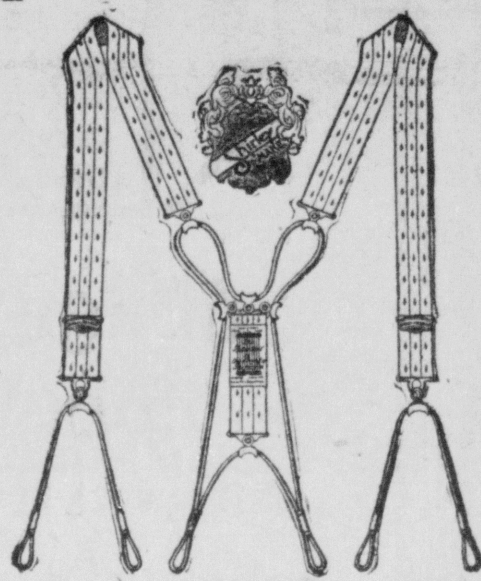

Fire destroyed the large four-story building at Waterville, Me., on the Colby college campus used by the Delta Upsilon fraternity as a dormitory. The damage was \$30,000.

The pope has granted a dispensation to the Roman Catholics of the Peoria diocese, allowing them to eat meat on Friday the 17th, St. Patrick's day, in response to a request by Bishop Dunne.

Thomas H. Carter of Montana, James A. Tawney of Minnesota and Charles H. Streeter of New Hampshire have been named as members of the Canadian waterways boundary commission.

The shape of Mt. Vesuvius, which it will be recalled, was changed by the last eruption, has been altered again by the collapse of a huge spur of lava. The latest change is ascribed to earthquake disturbance.

## SHIRLEY PRESIDENT SUSPENDERS

The kind that most men wear. Notice the cord back and the front ends. They slide in frictionless tubes and move as you move. You will quickly see why Shirley President Suspenders are comfortable and economical for the working man or business man.

Light, Medium or Extra Heavy Weights—Extra Lengths for Tall Men. Price 50 Cents from your local dealer or by mail from the factory.

Signed Guarantee on every pair

## POPULAR MECHANICS MAGAZINE

"Written So You Can Understand It"

300 Pictures Every 400 Articles 250 Pages Month

A wonderful story of the Progress of this Mechanical Age. Instructive, but more fascinating than any fiction. A magazine for Bankers, Doctors, Lawyers, Teachers, Farmers, Business Men, Manufacturers, Mechanics. Has 1,200,000 readers every month. Interests everybody. When you see one you understand why. Ask the man who reads it. Your newsdealer will show you one, or write the publishers for a free sample copy.

The "Shop Notes" Dept. of 20 pages, tells things—How to make repairs, and articles for home and shop, etc.

"Amateur Mechanics" 10 pages, tells how to make mission furniture, wireless, boats, engines, magic, and all the things a boy loves.

\$1.50 per year, single copies 15 cents. ASK YOUR NEWSDEALER Or Address POPULAR MECHANICS MAGAZINE 223 Washington St., Chicago

## HAVE YOU TRIED PAXTINE

The Great Toilet Germicide?

You don't have to pay 50c or \$1.00 a pint for listerian antiseptics or peroxide. You can make 16 pints of a more cleansing, germicidal, healing and deodorizing antiseptic solution with one 25c box of Paxtine—a soluble antiseptic powder, obtainable at any drug store.

Paxtine destroys germs that cause disease, decay and odors,—that is why it is the best mouth wash and gargle, and why it purifies the breath, cleanses and preserves the teeth better than ordinary dentifrices, and in sponge bathing it completely eradicates perspiration and other disagreeable body odors. Every dainty woman appreciates this and its many other toilet and hygienic uses.

Paxtine is splendid for sore throat, inflamed eyes and to purify mouth and breath after smoking. You can get Paxtine Toilet Antiseptic at any drug store, price 25c and 50c, or by mail postpaid from The Paxton Toilet Co., Boston, Mass., who will send you a free sample if you would like to try it before buying.

## SEEDS

CORN AND OATS

JOHNSON COUNTY YELLOW OR WHITE DENT SEED CORN

This corn needs no introduction, as it is known throughout the United States, winning the Grand Prize at Chicago and Omaha Corn Expositions and taking first prizes wherever shown. This corn is a heavy yielder.

Price per bushel, shelled only (sacks free) \$2.00

WESTERN IOWA WHITE SEED OATS.

These are Choice Extra Heavy, Bright and well matured Seed Oats, weighing 38 to 40 lbs. to measured bushel. We have handled these Iowa White Oats for past 5 years. They are heavy producers on Indiana soil. Always get your Seed Oats from the North.

Price per bushel, (sacks free) 54c.

If you order either or both Corn and Oats in 10 bushel lots or more we pay the freight to your station.

We handle all kinds of Field Seeds and Feeds.

J. G. HERMANN & CO.

326 S. Capitol Ave. Indianapolis, Ind.

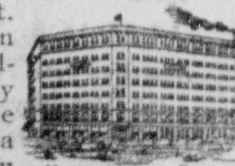

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

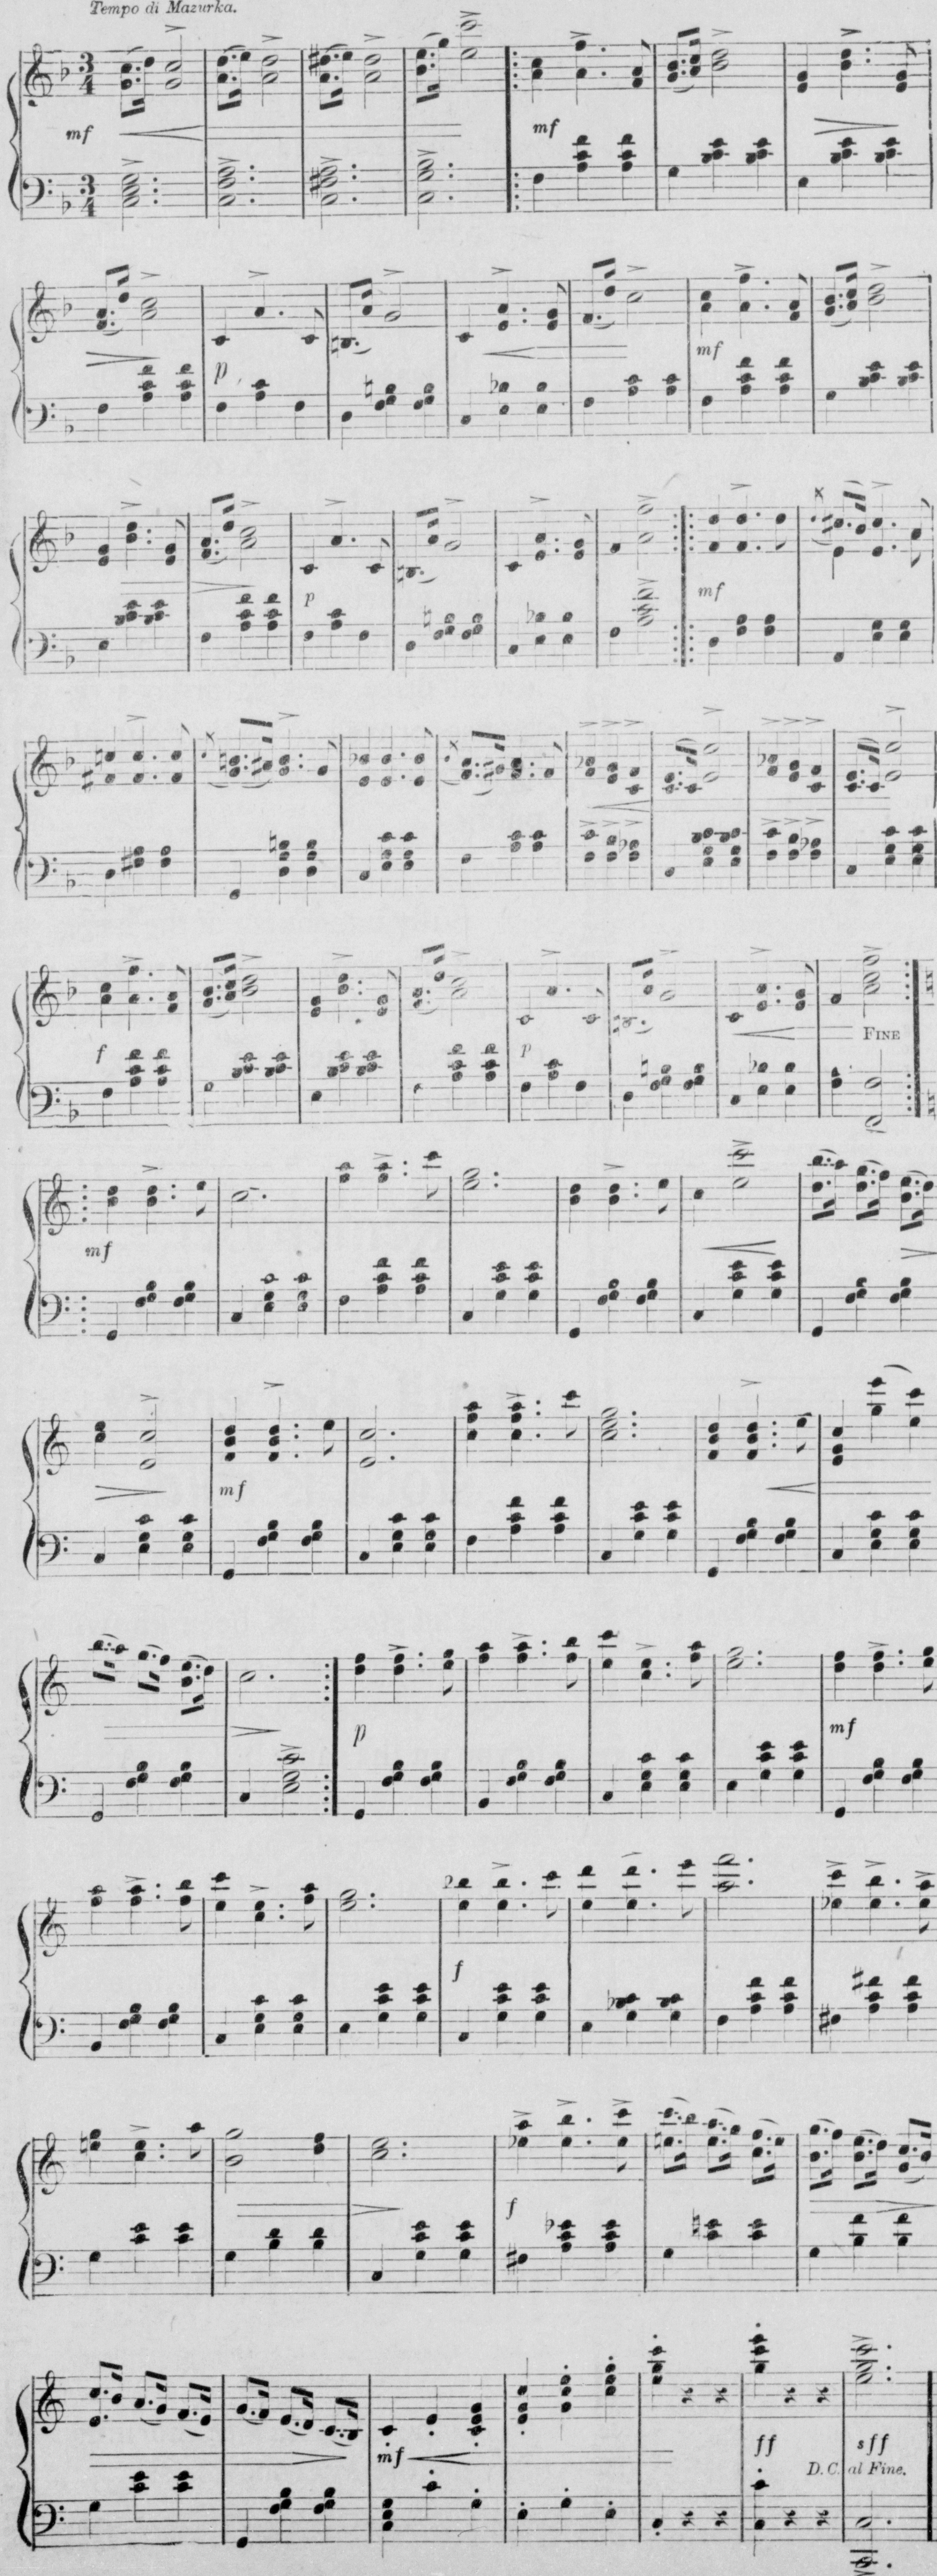

## DAUGHTER OF THE REGIMENT

(REGIMENTSTOCHTER)

Mazurka from DONIZETTI'S Renowned Opera

Sung by MME. MELBA at Manhattan Opera House, New York

Tempo di Mazurka.

PLANT TREES, IS THE  
CRY OF THE GOVERNORFormal Proclamation Asks Ob-  
servance of Arbor Days.

Indianapolis, March 11.—Designating Friday, April 28, and Friday, Oct. 27, as Arbor days, Governor Marshall has issued a proclamation, copies of which will be sent over the state to schools which observe the days by planting trees. In the proclamation the governor says:

"The race might well despair were there not as many means of uplift as there are of depression in life. Each breast knoweth its own bitterness. No one can surely tell from the human viewpoint what is the cloud breaker and what the care lightener. Sometimes it is a word, a smile, a prayer. All are agreed, however, that sunshine, green fields, running brooks and leafy foliage full of life have soothed the weary brain and knitted up the raveled sleeve of care. He who can furnish to the weary laden shade of a tree wherein to cool the fever of life's blood and calm the perturbed spirit, should do so.

"That all who can may at the same time provide a resting place for earth's tired ones, I, Thomas R. Marshall, governor of the state of Indiana, designate Friday, April 28, and Friday, Oct. 27, 1911, as Arbor days in Indiana, wherein I urge the planting of trees for beauty's and for goodness' sake."

## CRUEL PUNISHMENT

Offender Against Tribal Law Tied to  
Tail of Wild Horse.

Yuma, Ariz., March 11.—Four Indians of the Papago tribe were responsible for the death of a young Papago whose dried-up body was found tied by the hands to the tail of a wild stallion in the desert by United States troops. The Indians were found guilty by a coroner's jury and are in Yuma jail. One is a brother of the dead Indian. The motive for the cruel murder is unknown, but it was probably because of an offense against family relations, which the Papagoes punish with death.

## TAKEN BY POSSE

Kentucky Negro Captured After Night  
in a Swamp.

Munfordville, Ky., March 11.—Doc Massey, a negro, alleged to be insane, was captured in a swamp near Boiling Springs, after being wounded by the posse which was pursuing him. The negro shot and killed Thomas Stewart, another negro, who accompanied an officer to Massey's cabin. He escaped from the cabin after standing off the posse throughout the night. Three members of the negro's family are said to have been killed in the cabin, either by Massey or by the bullets fired by the posse.

Pal Moore easily outpointed Young Sammy Smith in a ten-round fight at New York.

## WOULDN'T FACE TRIAL

Young Man Committed Suicide While  
Awaiting Action of Court.

Spencer, Ind., March 11.—Fearing the result of his approaching trial on the charge of forgery, Ben Hayman, aged twenty, of this city, committed suicide by shooting himself in the forehead with a revolver.

Hayman was alleged to have entered into a conspiracy with Hermess Gray, a companion, to forge checks and pass them on merchants here. Each cashed one and then fled from the county. Hayman was arrested at Vincennes and returned here. Gray was apprehended near Raoli and he and Hayman were to have been tried at the next term of court.

The suicide left no message, but remarked to his brother last week that he would never live to face the charges against him. Previous to his arrest he had always had a good reputation and was well liked.

## MUNICIPAL SKATING RINK.

Dubuque, Ia., Furnishes One For the  
Pleasure of Its Inhabitants.

The city council of Dubuque, Ia., has voted to establish a free municipal skating rink and coasting ground. The rink will be located in the harbor, which is within five minutes' walk of the business center of the city. The ice will be kept in condition, shaved, flooded and free from snow, and the crowds will be under supervision. Light will be maintained, and there will be shanties where skaters may go to adjust their skates and get warm.

A special council committee acting with the chief of police will have charge of the coasting ground. Suitable hills will be selected where coasters may enjoy themselves without danger and always with proper police supervision.

## Novel Plan to Light Streets.

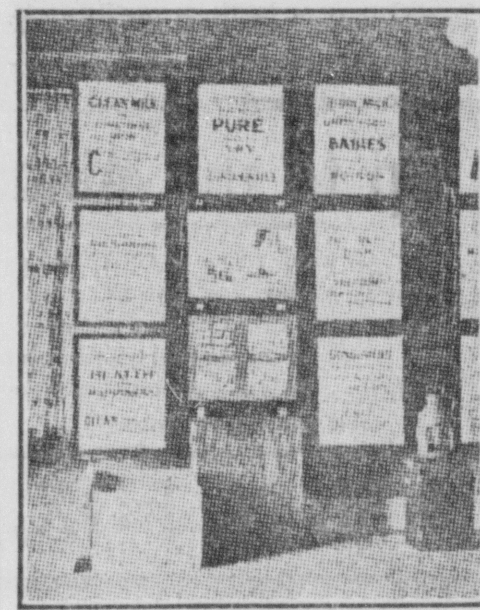

Knightsdown, Ind., is trying a novel plan to light the streets. The electric light station is a municipal plant, and free current for one porch light is furnished all consumers who will provide and maintain the required lamp. The dark places between corners in the residence districts are now made bright.

EXHIBITS PROVE VALUABLE  
IN EDUCATING THE PUBLICMany Municipalities Are Showing the  
Right Way of Doing Things.

The importance of exhibits of various sorts in educating the public is beginning to be understood, and many cities and towns have arranged exhibitions that emphasize the right and the wrong ways of doing things. New York recently held a budget exhibit that had a tremendous effect in educating the people regarding the way the millions spent by the city are expended.

Subjects covered by these exhibits include houseflies, playgrounds, first aid to the injured, the care of infants, tuberculosis, ventilation, industrial safeguards, etc. These exhibits enable the people to see at a glance how they can improve their conditions mentally, morally and physically.

The illustration shows a section of a milk exhibit. The placards were all

PORTION OF A MILK EXHIBIT.

of a size in cherry frames. The inscriptions were hand lettered in a uniform style with the important words emphasized. Along with the placards were milk basins, vessels for storing and handling milk and various styles of apparatus used on farms and in dairies. The right way is often as easy and as cheap as the wrong way, and this exhibit will have an effect in throwing safeguards around one of the principal articles of food.

Civic pride means working for the good of your town, and working for the good of your town means doing your purchasing here.

## Prosperity For Muskogee.

Muskogee, Okla., recently took a half holiday for the purpose of raising a bonus for an industrial company, of which Governor Haskell is the head, of \$300,000, which guarantees the location of five factories employing 1,500 men. The governor was there in person, and when the mass meeting closed \$215,000 of the bonus had been subscribed. This money was subscribed without a single bank in the city being asked for a cent. Ten banks called upon supplied the remaining \$85,000. The contracts for five factories have already been signed.

## To Protect Pavements.

An effort will be made at Chattanooga, Tenn., to have an ordinance drawn up to protect the new pavements, which are now often cut up soon after they are laid. The idea is to have property owners notified before a pavement is laid so that they can make necessary pipe connections and then to prohibit the cutting up of pavements for a period of five years after they are laid.

## WHAT MAKES A TOWN?

What makes a town, anyway? Is it the wealth evidenced by fine homes and splendid store buildings? These may attest the stability and thrift of certain people, but they offer no great inducements to commercial and moral progress. Is it the spirit of good order and law observance? That is a factor only. The sleepiest old hamlets that dot the map have this spirit in rank abundance. Is it the schools and churches? May their number ever increase, but they don't make a town—they only culture it. Is it the geographical location, the character of the country surrounding, the shipping facilities, the natural advantages? None of these is an essential. Well, what is it that makes a town anyway? Just one thing—the unity of the people, the existence of a common bond which causes business and social enemies to put aside all differences when it comes to boosting the town. No town ever made real progress on the way to substantial success without the get-together spirit unanimously adopted. It has rejuvenated old hulks of towns that were yawning their way into endless sleep. It has infused new lifeblood into the heart of commercial life and made thriving cities out of paralytic villages. Natural advantages count for much, and prosperity cannot be built on shifting sand, but any town with half a chance can be made to grow and expand and thrive when its citizens join with one accord in the boosting program.

BALTIMORE & OHIO  
SOUTHWESTERN R.R.

Commencing March the 10th one way tickets will be sold at greatly reduced rates to points in Arizona, British Columbia, California, Colorado, Idaho, Mexico, New Texas, Utah, Oregon and Washington. On sale daily to and including April 10th.

PLEASES.

Feb. 1911.

Dear friend:

I went this morning to the grocery. I had a basket on my arm. I got the basket full of things and brought them home. Mama said I was a good trader. Here's a list of what I got.

1 can of Mackerel.....20c  
1 can of Sliced Peaches.....20c  
1 can of Sliced Pine Apple.....25c  
1 can of Tomato Soup.....10c  
1 can of Kraut.....10c

Your Friend,  
JACOB.

I got good things  
because I went to

## Colabuono Shoe Store

Phone 92. 14 East Second Street, SEYMOUR, IND.

## Up to the Minute Shoe Repairing

A modern shop equipped with all the latest improved machines, electric power, for repairing shoes. Soles sewed on shoes in less time than it takes to peg them on and is much better for the shoes.

Sewed shoes feel more comfortable to the feet, will wear longer and when finished on our electric finishing machine will look like new. All work guaranteed.

## NEWSY PARAGRAPHS.

Joseph Childers of Grammer, aged 86 years, died Saturday morning.

Mrs. Noble Moore who returned last week from the hospital at Columbus, is improving rapidly.

Miss Fay Stephenson, of near Elizabethtown, who was quite sick with scarlet fever, has recovered.

Judge Shea went to Jeffersonville this morning. There will be no court at Brownstown until Thursday.

S. A. Barnes was in Crothersville this morning and conducted the sale of the Belden property for the assignee.

Mrs. Emaline Everhart, mother of Fire Chief Walter Everhart, who has been quite ill for several days is no better.

The eleven-year-old son of Dr. and Mrs. Redman, of Elizabethtown, has been sick for several weeks with pneumonia, but is now recovering.

Mrs. Emma Roemmel, a waitress at the New Lynn Hotel, was taken seriously ill Sunday evening in the kitchen of the hotel. She is slightly improved today.

A Washington special says that Byford Long, secretary to Senator Shively has left for Brownstown for a visit before Congress convenes for the special session.

James Hull and family are preparing to move to their farm north of the city. Mr. Hull believes that escape from the close confinement of a store will improve his health.

When the Southeastern eastbound train this morning crossed White river, the crew noticed that the bridge was burning. The train was stopped and the fire was extinguished before much damage was done.

John O. Berry and family of Crothersville, have moved to Sidney, Ill., leaving for there today.

Luther M. Ward who recently moved from the Beech Grove neighborhood to this city, is a carpenter of long experience and will follow his trade here. He built numerous houses and barns in the vicinity where he resided so long and will doubtless get his share of the work here.

The papers relating to the petition for the pardon of John A. Walsh have been placed in the hands of President Taft who is in the south. He has not yet begun an examination of them and it is not known certainly what recommendations the Attorney-General made.

A verdict awarding the plaintiff \$1,500 was given by the jury hearing the damage action of John J. Egan against the Louisville & Southern Indiana Traction Company and the Louisville & Northern Railway & Lighting Company for personal injuries. At a hearing some time ago in the Clark Circuit court the jury could not agree.

Clifford Baum, formerly a B. & O. S. W. brakeman, who was sent to the Southeastern insane asylum from Washington some time ago, escaped Friday night. Baum was first arrested for creating a series of sensational disturbances at the home of his wife's parents in Washington. While in jail he made several attempts at suicide.

A "taxpayers League" was organized at Washington the latter part of the week. It was supposed at first the purpose of the League was to further the business interests of the city and to enforce the laws. Indications are, however, that the purpose is to aid the "wets" in bringing saloons back to the city and since this has become known at least one of the new officers has declined to serve. Many of the most prominent business men of the city were not invited to attend the meeting when the organization was effected.

The pastor being absent, Rev. R. N. Kent, a student of Franklin College, occupied the Baptist pulpit Sunday morning and evening, preaching two excellent sermons.

County Coroner Frank Dowden, was at Reddington today, completing the evidence in the case of Willard Talley, who was killed by an inter-urban last Friday.

Clark Davis, Charles Hazzard, A. L. Jennings, G. H. Anderson, A. A. Davison, Charles Kessler, William Misch, Dr. Luckey and Daniel Wilson and wife attended the funeral of Willard Talley at Reddington Sunday.

Guy Pruitt was arrested this morning on a bastardy charge preferred by Alice Blevins. He was released on a \$250 bond and will be given a hearing Thursday morning before Justice Congdon.

Carmina Colabono, the little daughter of P. Colabono, who lives near the Sprenger barbership on south Chestnut street, has scarlet fever. This is the only case that has developed in about two weeks.

In Seymour there are a number of fishermen who have some very good fish stories to relate, but one comes from Winsted, Conn. which is certainly above the average. It reads: "The remarkable story of fish living within man was related today by Charles Merrill, of Hartland. He declared that a neighbor of his, a great piscatorial artist, had a monster wen on the back of his neck lanced a few weeks ago, and in the two quarts of water drawn from it were three living chubs. Merrill says his neighbor recalled having drank water from a pond a few years ago while on a fishing trip, and he thinks he must have caught the fish at that time. But how they ever got into the wen he cannot explain, nor any one else.

The weather Sunday was as changeable as a chameleon. In the mornings umbrellas and raincoats were popular as protection from the occasional spring showers. For a few hours in the afternoon the weather was warm and springlike. In the south part of the city a number of base ball games were in progress and a few kites high in the air indicated that the boys were really anticipating spring. About 3 o'clock, however, the cold wind caused the umpires to discontinue the ball games and the kites were reeled in and taken home. Overcoats and fur caps displaced the light oats and people hastened to find their firesides. The weather man has promised a rising temperature Tuesday, with a return of the spring weather.

I desire to state that I do not approve of Mr. Bartlett's attempt to ignore the orders of the Board of Health and assure the public that I respect the action of the Board in its entirety.  
E. R. Bennett.

# AN APOLOGY DUE TO THE PUBLIC

for not being better prepared to wait on the trade Saturday, the opening of our marvelous Slaughter Sale of the Seymour Dry Goods Co. Stock.

It was certainly a great success and far beyond our expectations were the results of the first day's sale. It is gratifying to us to know that the public believes in our efforts of giving them at all times, the best values at the lowest price, and Saturday's response proves to us that our efforts are appreciated by the public.

Fully one-fourth of the large crowd of people, we were unable to wait on, but are reinforcing our force of help, so as to give you ample attention.

**Remember,  
this sale continues  
until the entire  
stock is sold.**

The store has been known for handling first class reliable goods, and these we are offering to you on the same SPOT CASH basis, as we bought the stock almost fifty cents on the dollar, we bought it cheap, for you, and expect you to get your wants as quick as possible, as our time is limited.

**Seymour Dry Goods Co.**  
stock on sale by

**THE GOLD MINE**  
At 104 S. Chestnut St., L. F. Miller's Old Stand.

Come early in the morning to avoid the afternoon rush.

## Spring Opening Of Ladies' Up-to-date wearing apparel

At the prices that will astonish you. Please call and be convinced. You don't need to buy. No trouble to show the goods.
